A NEW AND IMPROVED 100 MILES FOR HOPE

By National Commander James W. "Bill" Oxford

Dear American Legion Family Members and Friends,

I am so pleased to announce that The American Legion is expanding its [100 Miles for Hope](#) challenge this year, following up on the successful inaugural challenge in 2020.

The first 100 Miles for Hope exceeded expectations in every way, getting American Legion Family members active amid the pandemic while raising funds and awareness for the [American Legion Veterans & Children Foundation \(V&CF\)](#). We raised about \$150,000 last year for the foundation and our goal for this year's campaign is to double that.

To achieve that goal, we need your help and support.

Since the 2020 challenge concluded, we have been working on making the second annual event even bigger and better. Based on feedback, we have instituted improvements for this year, including allowing participants to track their progress and encourage others to support the V&CF on their behalf.

Done and done. Registration is now open, though the actual challenge will commence on April 1.

Continued on page 5...

COMMANDER'S CORNER

JIM STEWART

April means Spring is upon us and life begins fresh. We all hope that this means we will be coming out of this Covid-19 pandemic shutdown and restrictions, especially if we all get the vaccines. If the State holds to its announcement, come May 1st, we may see a light at the end of the tunnel. If the restrictions are lifted and we are allowed to gather again in greater numbers, let's get our Posts active again! Start planning activities and events and re-engage your members. Hopefully we can have a great summer! Meanwhile, let's still conduct our **Buddy Checks** and be mindful of the state restrictions.

Here is some great news! Because the University of Nevada, Reno campus was not available to host our Nevada Boys State program this year, it looked like we were having to cancel Boys State again this year. However, due to a gracious offer made by the Department of California, we will be able to link into their Virtual Boys State program this June! Yes, we **WILL** have a Nevada Boys State program this year! California has allotted us 100 slots into their program, which will be conducted online from June 18th to June 25th. If you know any eligible boys, please contact the Department of Nevada Headquarters or check out the Nevada Boys State website: <https://nevadaboysstate.org/home/>. Let's be clear, while this program will be ran by the Department of California, we will have some of our own NBS staff involved and we will have our own delegates to Boys Nation. There still will be a per delegate fee involved due to the costs of running the program, so I am asking that each Post please donate as you have in the past to help with those costs. Let's give our Nevada boys an opportunity of a lifetime this summer! The Department of California has shown that we are all Legionnaires and part of the Legion Family! Thank you California!

Sadly, we thought we would have a Legion Baseball season this summer, even though we lost our great and wonderful Baseball Chair, Ron Michalski. Our Department Sergeant at Arms, Robert Morris, had picked up the mantle to run the program. Unfortunately, Robert was just diagnosed with cancer and will be undergoing some heavy duty treatment and will not be able to perform the duties anymore. We are all hoping the best for Robert and wish him well and are keeping him in our prayers. So, with a very sad heart, with no one to take over the program at this late date, we have decided to cancel this year's Legion Baseball season.

This has been a very rough year, but we are veterans and we have seen and been through a lot worse than this! We can do it and make it through as winners because we have each other and our friends. We are The American Legion!

Please...Be Safe!

Always in Service,
Jim Stewart
Commander

1st Vice Commander Richard Eberly

NO REPORT

2nd Vice Commander, Valerie Scheuering

Hello My Fellow Legionnaires

In the April 2, 2021 Veterans Employment & Education Weekly Report article titled- **VA and Department of Labor Releases High Demand Occupation List for the Veteran Rapid Retraining Assistance Program (VRRAP).**

The Department of Veterans Affairs (VA) is preparing to launch the Veteran Rapid Retraining Assistance Program (VRRAP) as part of its continued effort to support Veterans seeking retraining and economic opportunities in response to effects of the COVID-19 pandemic. VA in partnership with the Department of Labor published a list of high-demand occupations which includes healthcare, education, media, engineering and high-tech opportunities. The new program, part of the American Rescue Plan, will allow qualifying Veterans between the ages of 22 and 67 to receive up to 12 months of tuition and fee and monthly housing allowance payments, based on Post-9/11 GI Bill Benefits, VA will provide further information soon on how Veterans can apply for this program. The week of April 4th, VA will release a participation agreement and begin toward with educational institutions interested in participating in VRRAP. VA will require educational institutions to commit to a participation agreement that will outline VRRAP requirements and specify which training programs are covered under VRRAP. Once reviewed and approved by the VA, a comprehensive list of VRRAP educational institutions and programs will be published and made available. For a program of education to qualify for VRRAP, it must meet the following criteria:

*Be approved for GI Bill or VET TEC
Not lead to a bachelor or graduate degree
Provide training for a high-demand occupation*

The payment model for VRRAP tuition and fees (paid directly to the VRRAP education institution) is milestone-based:

*50% when the Veteran begins the program
25% when the Veteran completes the program
25% when the Veteran finds employment in the field of study*

The program is limited to a maximum of 17,250 participants and up to \$386 million. If you should need any assistance and are a GI Bill Beneficiary, you can contact the Education Call Center at 888-442-4551 between 7 a.m. - 6 p.m. Central Time, Monday-Friday to speak with a representative.

(original article Reported by Joseph Sharpe)

Update from October 2020 Newsletter Article on Travel Reimbursement

I have recently figured out how to use the Beneficiary Travel Self-Service System (BTSSS). It's a little daunting to maneuver through but once you get the hang of it, it is easy to use. With the new system, once your appointments are scheduled by the VA and uploaded it will appear in the BTSSS and once you've completed your appointment you log into the BTSSS, find your appointment, select it and follow the prompts and submit it for reimbursement and then you're finished. I have found that the reimbursement payment is usually received Direct Deposit within 5 business days. Currently if you go through the VA Medical Center Travel Office, it can take weeks to get your travel reimbursement due to their work overload when the new system came on line

Remember, Please Stay Healthy and Safe.
For God and Country

Valerie Scheuering
Department 2nd Vice Commander

UPDATE: The American Legion has added a second option for registration. Here are the two ways to register. Choose one:

Visit [this special Emblem Sales web page](#) to register and see the commemorative gear available for purchase this year with proceeds going to the foundation. This option is recommended for those who do not have a smartphone or wish to register multiple family members.

We also have an app from [a company called Kilter](#). The Kilter app allows us to take full advantage of pushing donations toward the foundation. In doing so, we had to make a notable change. Instead of miles, we will be counting activities with a duration of at least 30 minutes. After all, that is among the goals: to achieve that baseline of physical activity daily. For a helpful step-by-step guide on registering via the app, [watch this video](#).

It doesn't matter whether you walk, run, swim, cycle, use an elliptical trainer or some other form of movement. The app has more than 40 different activities to choose from — even rucking, dancing and playing pickleball. And American Legion Riders can log their activities by choosing “advocacy” or “volunteering,” or manually entering a ride. We have reduced the registration fee to \$20 — while rewarding every participant with a medal.

We have also added a collection of [commemorative 100 Miles for Hope merchandise](#) at Emblem Sales that you can purchase to support the V&CF. This year, we have new tech shirts, sweatshirts, baseball caps, a pin, a patch for Legion Riders and a challenge coin. Proceeds from those sales go directly to the foundation.

Here's how to register via Kilter: 1. On your smartphone or tablet, go to the App Store to search for Kilter and then download the free Kilter app and create an account. (Please note that Kilter allows only one participant per account. If you want to register multiple family members, they will need to have separate accounts.)

Go to the EVENTS tab. Before April 1, The American Legion's 100 Miles for Hope will be found under the PAID tab. As of April 1, it will be under the LIVE tab. Select event, click JOIN and pay your \$20 entry fee.

(NOTE: Alternatively, you can visit [kilterrewards.com](#) to create your account. Afterward, you receive an automatic confirmation email with step-by-step instructions on how to use the app.)

2. On the app, view MY EVENTS to confirm registration.

3. Complete daily wellness activities of at least a half-hour and accumulate points. You can complete up to three wellness activities each day that count toward your total. And there are ways to receive bonus points! Check the app to find out how. There are more than 40 different activities to choose from. And if your activity isn't represented on the app, you can create a manual activity that will count. [Click this link](#) to learn more about how to track your efforts, review a list of activities and how to add manual ones.

How to help V&CF

1. Visit this [special page at Emblem Sales](#) to view and purchase commemorative 100 Miles for Hope gear. All proceeds from these sales go toward the V&CF.

2. Use the app's individual donation tool to encourage friends and family to support your personal wellness goal as well as the V&CF with a donation.

This addition was inspired by members such as [Charlie Parker, a 75-year-old Navy veteran](#) who uses a wheelchair. He completed his 100 miles by swimming and raised about \$2,000 for the V&CF on his own simply by asking friends and family members to pledge support for him.

Other improvements include:

- This year's event runs from April 1 through Sept. 6, giving you even more time to achieve wellness goals and raise money to support veterans and military families.
- The ability to download and customize your own “race bib” like those that are traditionally worn in 5Ks and other races. Visit the [100 Miles for Hope web page](#) to get yours.

Get registered today and order your commemorative gear so that it will be delivered in time for your first walk, ride or other form of exercise as part of the event.

I am truly excited about embarking on my second 100-mile challenge. And, I'll certainly be asking my network of family and friends to support the Veterans & Children Foundation with a kind donation on my behalf. How about you?

IT'S A TRUE STORY

Have you ever wondered how the Son's of the American Legion (S.A.L.) got started? Unless you are a Son you probably did not think much about it. For most of us who have perused the National or Department Constitution and By-Laws there is no reference of them anywhere. For me, this was a major question mark. The American Legion Auxiliary were identified in the Constitution of National and Department of Nevada but not the S.A.L. So, this became an effort to learn more and the reason for this article.

The concept for a junior legion organization was the brainchild of a Kansas Legionnaire back in 1921 at the 3rd National Convention in Kansas City, MO. At the time, nothing really happened; however, later in what became the "Roaring 20s" Legion Posts started working with youths and forming Junior Legion groups. These Post started being promoted by Districts and Departments of their states. Among the earliest was Post 78 from Pontiac, IL; Post 11 from Bridgeport, CN; and Post 1 from Butte, MN. The issue in those days was no standardization from post to post or even within districts or Departments. Consequently, there was a push to form a National subsidiary organization that patterned the National organization. There was also a belief that as the Legion grew older this junior organization would step in and continue the work of the parent organization. So, in 1930 in Boston at the National Convention a feasibility committee was created to study the possibility of a junior Legion entity. This committee consisted of three Legionnaires, George Kellogg of Post 111 who chaired the committee, Paul Younts from NC, and HS Pownall from W. VA. They submitted their report at the following National Convention in 1931, and it was approved. It further generated another committee to prepare a Constitution and By-Laws for the program. The S.A.L. was finally authorized by the 14th National Convention in September of 1932 in Portland, OR. During the 15th National Convention in Chicago, IL it's name was officially changed to "The Sons of the American Legion" with the authorized abbreviation of S.A.L.

The Sons of the next few years had a tremendous expansion and had an all-time high membership count of 72,663 in 1939. However, the effects of WWII and Korea had a profound impact on membership. The majority of the members enlisted in the military and served honorably throughout the conflicts. Many did not return from the wars; and those that did had earned their credentials to be part of The American Legion. In 1953 membership in the S.A.L was down to 5331. Another factor to the reduction is many of the new members had not started families of their own so had no sons to offer the organization. In 1964 growth was starting again and membership at the end of that year was registered at 17,575.

Over the past half century, the Sons have flourished and continues to provide a valuable service to our communities, states, and the country. They provide services within their communities, follow their parents into the military and many serve as dual members with The American Legion. And with changes happening within the Auxiliary, they will start having an impact there as well.

As this article is only a broad brush of the organization, there is more information within the Legion itself. As the National Executive Committee is the governing authority for the S.A.L the S.A.L history and development are available within the resolution's library housed at the National's museum. If you want to learn more, please take a trip through the historical documents available at National. You might find it a trip worth taking.

By Brenda Horton, Department Membership Chairman

Greetings Legionnaires, I don't have much to report this month. With the change for my legion, I don't have access to the Posts out of my District. I haven't held a Department Membership Team conference call this month.

If you are having issues with the change over, you are not alone. Since I am the Adjutant for Post 7, I am trying my best to navigate through the new site.

Please continue to work the DMS list and renewing Post members. Thank you for all of your hard work.

My SAL and my legion platforms:

As you know by now, the new mylegion and mysal platforms were rolled out on April 1, 2021. I also appreciate some members' advice on how they would have executed this rollout if they were in charge. I can tell you from experience, complete software overhauls and rollouts are never perfect, and anticipating every problem is impossible. Just refer back to your last Microsoft Windows upgrade or the last cell phone you purchased. The adjustment was not easy and it took time. However, I can tell you this. Through constructive respectful feedback and user practice, all the issues get addressed and fixed, and the platform gets better. To get there, it does require patience. The customer service team is working very hard to address all issues and offer solutions. **If you are having issues with your login and access as an adjutant, please email cs2@legion.org.** This is a special email created for your mylegion and mysal issues. **To save time, I would recommend going to the "Resources" tab of mylegion or mysal and scroll down to "How to use myelgion.org". There you will see a comprehensive indexed table of contents where you may be able to fix your own issue. I used it this morning and it was very useful.**

If you are unable to resolve your own issue and you do need to send an email, be sure to include the following:

Name
Detachment & Squadron
Your Position
Your User Name
Issue Experiencing
Call back number

All emails received are logged and assigned a case number. Please do not use this email to voice your opinions, complaints, critiques of the new platform. This email was created to address your specific issue so that it can be corrected and you can access what you need. If you feel the need to vent and give your critiques, send them to me, not customer service. Thank you for your patience as we work together to become more efficient and create a better experience.

Good luck on all you do for our Sons of the American Legion

Sincerely
David Sousa

The mission of Nevada's Legionnaires is to provide services to fellow Veterans, their Families and their communities.

Since our charter, our American Legion Department of Nevada has been welcoming VETERANS from all branches of our Armed Forces. Today, we continue to welcome all military personnel serving our country. Joining a Post in our State enables you to continue serving your God, Country and Community. Our mission is to implement the goals, aspirations, dreams, peace and blessings for our country, friends and families embodied in our preamble.

RED Friday Started in 2005. Beginning in 2005, military supporters across America started wearing red on **Fridays** to show support for the service members who protect our freedoms and way of life around the world. More specifically, it is for service members deployed as **RED** stands for "Remember Everyone Deployed".
